

proj_main_loop

```
graph LR; A[proj_main_loop] --> B[game_loop]; B --> C[update_mouse_location];
```

A flowchart illustrating a sequence of three functions. The first function, 'proj_main_loop', is in a white box. A blue arrow points from it to the second function, 'game_loop', which is also in a white box. Another blue arrow points from 'game_loop' to the third function, 'update_mouse_location', which is in a gray box. This visual distinction likely indicates that 'update_mouse_location' is the current focus or the final step in the sequence.
